

THE POWER OF COOPERATIVE SOLUTIONS™

Duncan Milne Joins Proxy as Director-Business Development

Reston, VA –July 22, 2013 – Proxy Technologies has recently appointed Duncan Milne as Director-Business Development. Milne will be responsible for developing and managing business expansion with an emphasis on growing key relationships with the Department of Defense.

Bob Davis, CEO and President of Proxy Technologies, said, “Duncan’s extensive operational knowledge and proven military service record is an excellent addition to Proxy’s government sales team as we continue to grow our aerospace product line.”

Milne brings more than 25 years of military leadership and civil military operations to his position. Prior to joining Proxy, Milne served as a Colonel in the USMC, serving mainly as a Naval Aviator but also as an advisor at the highest levels of the DoD and Federal Government. Most recently, he served as Chief Operations Officer of the Third Marine Aircraft Wing in San Diego, where he oversaw the training and equipping of 17,000 Marines utilizing over 400 aircraft deployed globally.

Milne holds a Bachelor of Science in Management from Rensselaer Polytechnic Institute and two Masters Degrees in both Military Operational Art and Science from the Air War College, and National Security and Strategic Studies from the United States Naval War College.

About Proxy Technologies, Inc.

Proxy is a pioneer in optionally piloted vehicles (OPV) and multi-aircraft Cooperative Flight control systems. Utilizing Proxy’s Universal Distributed Management System (UDMS)™ and the Proxy Automated Control Suite (PACS), Proxy Technology solutions can be adapted to a wide range of existing piloted aircraft and Unmanned Vehicle platforms allowing a single mission commander to manage multiple vehicles simultaneously. Proxy has also developed and deployed the SkyRaider® OPV platform as an advanced heavy payload unmanned aircraft. Proxy was incorporated in 2005.
