

# THE POWER OF COOPERATIVE SOLUTIONS®

## PROXY TECHNOLOGIES WINS SOCOM GBPS CONTRACT WITH SRA

**Reston, VA, July 23, 2014**— Proxy Technologies Inc., the industry leader in providing solutions for cooperating autonomous vehicles and robots, today announced that it has been awarded an IDIQ sub-contract agreement from SRA International, Inc. (SRA) to be a sub-contractor on SRA's Global Battle Staff and Program Support (GBPS) contract with US Special Operations Command (SOCOM). This agreement runs through April 30, 2015.

Robert F. Davis, CEO and President of Proxy Technologies Inc., said, "SRA is an outstanding firm. This agreement will permit us to work with SRA in bringing industry leading technology and capabilities to SOCOM."

### **About Proxy Technologies, Inc.**

Proxy is a pioneer in optionally piloted vehicles (OPV) and multi-vehicle cooperative control systems. Utilizing Proxy's PROTEUS® and PACS™, Proxy Technologies' solutions can be adapted to a wide range of existing piloted aircraft and unmanned vehicle platforms allowing a single mission commander to manage multiple vehicles simultaneously. Proxy has also developed and deployed the SkyRaider™ OPV platform as an advanced heavy payload unmanned aircraft. Proxy was incorporated in 2005.
